

Trinity Lutheran School Sportsmanship Policy

TLS is committed to uphold the morals, values, behavior, and sportsmanship expected from an institution of Christ. We have a high sportsmanship standard for our athletes, coaches, staff, volunteers, parents, and supporters.

- Any person associated with TLS who is not acting in a Christian manner during an athletic event will be given one warning to correct the behavior.
- If this person has to be given another warning at any time during the event or tournament, this person will be asked to leave the event. A conference will be held with the Athletic Director.
- If a person continues to exhibit poor sportsmanship during athletic events and has to be asked to leave a second event, this person will be prohibited from attending any more events that season.
- If the behavior of the spectators becomes out of hand, the event will be called and the athletes will leave the event.
