Our 153rd Year!

## VB Team Update

Thank you for cheering on our Lady Falcons! They have worked so hard this year and are so much fun to watch!! The 4/5/6 grade girls finished 3rd at the tournament this last weekend. The team of Shayla Sneller (6), Rose Harper (6), Adabelle Sullenburger (6), Violet Taff (5), Addison Taft (4), and Lily Hoffman (4) are done with their season. Well done ladies! The older girls in 7/8 have their final games this weekend. What an amazing season for the hard-fought games and growth that all the girls had this year!

## Mental Health Tip of the Week!

Use of prayer in the past 12 months for one's own health is very common (43%) among adults in the United States. Prayer (including prayer for self, prayer for others, and belonging to a prayer group) is the third most frequently used alternative medicine practice (Barnes, Powell-Griner, McFann, & Nahin, 2004). Prayer is also widely used to address health concerns by individuals with a wide array of physical and mental health diagnoses (Saydah & Eberhardt, 2006). Positive forms of religious coping include seeking spiritual support, increasing spiritual connection, asking religious forgiveness, and collaborative religious coping (Pargament, Smith, Koenig, & Perez, 1998).
